The VBC ASSOCIATION, Bucharest, Romania in partnership with Stichting DE KOPERMOLLEN Vaals, The Netherlands organizes a cultural event between 8 and 12 of September 2010, in De Kopermolen Culture and Art Center, van Clermontplein 11, 6291 AT Vaals, Netherlands . The project is financed by the Romanian Cultural Institute through the Cantemir Program.

What does ZARVA mean?

Chamber music concerts in the middle of a Romanian art exhibition (paintings, sculpture, drawings) and marionette shows presenting customs of traditional Romanian folklore, songs and costumes. During 5 days, the city of Vaals will represent not only the meeting point of Dutch, Belgian and German culture, but also an opportunity to get acquainted to a part of Romanian heritage. European partner of Romanian VBC Association, De Kopermolen Cultural and Art Center in Vaals - located at the crossroad of three cultures and host of a successful international festival every year - invites the public of the EUREGIO Maas-Rhein to share samples of Romanian culture with Romanian artists.

The opening of ZARVA days takes place on 8 September 2010 at 19.00 hrs in De Kopermolen Culture and Art Center in VAALS, under the patronage of Drs. R.L.T. van Loo, the Mayor of Vaals. The Mayors of Aachen, Maastricht, Gemmenich, Liege a.o. are invited to open the festival together with Mrs. Maria van der Hoeven, Minister of "Economische Zaken" in the Netherlands, Mr. Karl Heinz Lambertz, Prime Minister of the German speaking Community of Belgium and H.E. Călin Fabian, Romanian Ambassador in The Hague.

ZARVA brings for the first time in the EUREGIO Maas-Rhein Romanian artists to present their paintings, drawings, sculptures and collages and to perform with German and Dutch colleagues pieces of Romanian, Dutch, German and Belgian composers. An internationally renowned Romanian actor will present marvelous marionettes to a broad audience of all ages.

ZARVA intends to be a pilot-project developing multi-disciplinary ROMANIAN Art Festivals in the European Regions. In the Maas-Rhein EUREGIO, or the "Dreiländereck" as it is called, Romanian culture finds open doors due to the interest of the public in multi-cultural traditions and its appreciation of real values in art, as well as its support to modern and contemporary artistic creations.
